REPORT OF SCHOOL BOARD

Owing to the change in the closing of the school year, as required by law, from March first to August first, and to the fact of the winter schools being still in session, we are unable at this date to give as full a report as usual.

We have employed nineteen different teachers and have had thirty-three terms of school.

While we believe the schools, as a whole, will compare favorably with those in previous years, we think there is a chance for improvement.

We aim to secure competent and experienced teachers; the result is not always satisfactory. We feel that the lack of interest taken in the schools as shown by the absence of parents as visitors, and a failure on their part to give proper moral support to the teachers, are some of the causes that tend to keep our schools from being what they should be and what they might be.

We have introduced new Readers, Geographies and Spelling books, getting those of later date and that came to us highly recommended. The Histories now in use are very ancient and should be replaced with those that are up to date. Physiologies also need to be exchanged.

The school building in District No. 1 is unfit for school purposes, located as it is, in the highway, causing more or less trouble with those passing; its sanitary condition ought to condemn it and in the primary room, with sittings for twenty-four, thirty or thirty-two are crowded into it. For the year to come let the parents, committee and scholars see to it that they do their full duty and our schools will be a success.

Respectfully submitted,

PAYSON E. FAIRFIELD,	} School Board
